Police Seek "Barefoot" Convict

MATSON FELONY CASE HAS BEEN POSTPONED

Upon the filing of a demurrer by Attorney Nate Coghlan of San Francisco, the hearing of Norman H. Matson, editor of the Daily News of this city, facing a charge of criminal libel placed against him by ex-chief of police James P. Arnold, the hearing supposed to have come up before Superior Judge R. H. Latimer at Martinez today was postponed until Monday at 10 o'clock.

MRS. L. H. TROY SUGGUMBS TO ILLNESS

Mrs. Lovely H. Troy, 57 years of age, and mother-in-law of Earl Scofield, prominent Standard Oil official of this city, died at the Scofield home, 123 Crest avenue, at an early hour last evening, following a brief illness.

The deceased was a native of Virginia and was well known in this city.

Although funeral arrangements have not as yet been fully completed it is probable that the services will be held tomorrow afternoon at the Carry undertaking parlors on Washington avenue.

BERMINGHAM GOES TO NEW YORK SUPERINTENDENT POWDER WORKS

John Bermingham, Jr., Contra Costa county commissioner to the Panama-Pacific Exposition, has, according to reports received here, accepted a position in New York as superintendent of a new powder manufacturing syndicate at a salary of \$1,000 per month.

Contra Costa county loses one of the most competent exposition men this state has produced, but New York gains a "powder man" who is rated as among the leading experts in America in that line.

Nearly three weeks ago Bermingham received a mysterious telegram from New York. That same night he was on his way to the metropolis, having written a letter to the supervisors asking leave of absence but having no time to wait for a reply. It was suspected at that time that the summons had come from the powder interests.

Early in the week a telegram was received from Bermingham announce-

ing that he had accepted a position with the powder syndicate and would make New York his home.

Intimate friends of Bermingham say that the salary mentioned in the telegram he received was \$1000 a month.

Bermingham will return to San Francisco and Contra Costa next Tuesday on a flying trip to settle up his affairs in that city and in this county. He will then return to New York to stay.

Several years ago Bermingham was superintendent in this county for the Dupont people at a salary of \$10,000 a year. He has no superior in this country in this work it is said. It was he who supervised the blowing up of buildings in San Francisco during the days that that city was in flames after the quake of 1906.

Charles Sweeney of Antioch, assistant commissioner to the Exposition is in charge of the county exhibit now.

COUNCIL MAY MOVE QUARTERS, BUT MUST PASS AN ORDINANCE

The injunction restraining the removal of the city hall as sought by William Pennington, so-called labor leader of this city, has been so amended that with the passing of an ordinance at the second regular meeting of the council board a week from next Monday evening it will be possible for the municipality to take up its immediate occupancy of their new building pending such time as a decision is to be handed down by the Supreme Court.

Such are the latest developments in the case which involved all sections, manager of the Polytechnic Business College, today.

"I intend to take a short vacation after three years' experience," was the statement made by R. C. Anderson, trip up to the Russian river within the next few days, following which I will go to Ohio to enter other business fields."

Anderson further stated that the lease of the building was to be taken over by Ingram and Gibson of Oakland and the scholarships already taken out allowed to run their required course.

tions of this city and which has been the bone of contention of various realty dealers for the past few years.

It is thought that with the first reading of the ordinance on Monday evening by City Clerk A. C. Faris that the following day may find the various city officers quartered in their new rooms at Richmond's modern municipal building, while following the final reading of the ordinance, the councilmen will be able to move their meeting place pending a decision from the Supreme Court.

MORE MONEY IS NEEDED FOR EXHIBIT

That it will be necessary, if the Contra Costa exhibit at the Exposition is to be maintained at its present high standard for the rest of the exposition period to levy a tax of 1 1/2 cents thereby raising the sum of \$5250 which according to estimate is required to maintain the exhibit was the substance of the report of Commissioner Bermingham submitted to the Supervisors on Tuesday.

Bermingham also submitted a few facts and figures which showed that the cost of installing and maintaining the exhibit to date has been very, very low in comparison with other counties. The total cost to date is only \$18,081.54 which is far less than many counties not nearly so large or rich as Contra Costa. Deducting salaries, etc., the cost is \$12,499.67. There is a balance at this time in the fund but not nearly enough to carry the exhibit along until December.

Letters were read from W. H. George of the Cowell Cement works in which he states that in his opinion the exhibit is one of the best in the California building and that the tax should be levied to maintain the same. Warren H. McBryde of the Hercules Powder company wrote in

"WAR USELESS" SAYS CURRY IN INTERVIEW TODAY

"I am opposed to war, and I have extreme confidence in President Woodrow Wilson as executive of the United States at this critical point in the great conflict which at the present time has torn asunder all Europe," was the only statement which Congressman Charles Forrest Curry of this district wished to be quoted in his interview with newspaper men today, upon his arrival in this city from the state capital at Sacramento.

Congressman Curry, who made one of the most sensational fights for Richmond's inner and outer harbor improvements ever heard of in the congressional chambers at Washington, D. C., spent the afternoon as the guest of Assistant Superintendent Joseph Brooks of the Standard Oil refinery, returning to his apartments at the Palace hotel in San Francisco late in the day.

CHARLES BROWN IS CITED FOR CONTEMPT

Charles Brown, plastering contractor, and recently cited to appear before the Grand Jury in the matter of intimidating votes prior to a municipal election, was late yesterday afternoon charged by the members of the inquisitorial body with contempt of court and cited to appear before Judge R. H. Latimer on next Monday afternoon.

Brown will be given his hearing on the charge of contempt of court at the same time that Attorney H. J. Wildgrube, James Kennedy, Richard Williams and W. F. Pettillon are to appear to plead following their indictment by the grand jury.

It is alleged that Brown absolutely refused to answer certain questions put to him by District Attorney T. D. Johnston while on the witness stand and used abusive language while addressing the District Attorney and in the presence of the Grand Jury.

GRAND JURY HAS NAMED FORD AS ACCOUNTANT

J. O. Ford, expert accountant of this city, and formerly connected with the Tilden Lumber company, who was recently ordered to expert the annual report of City Auditor J. C. McVittie, was today appointed expert for the E. B. Anderson Grand Jury.

Ford is considered one of the shrewdest accountants in the state, his service being in constant demand by many bay city municipal corporations.

POSSE WITH BLOODHOUNDS ON TRAIL OF ESCAPED MAN HIDING HERE

AFFECTED A SENSATIONAL ESCAPE OVER WALLS OF SAN QUENTIN PENITENTIARY AT EARLY HOUR LAST EVENING BY TYING BED SHEETS TOGETHER.

Sheriff Keating of Marin county and a posse of armed guards with sawed-off shotguns and three bloodhounds, together with Inspectors George Betts, Virgil Phillips and Policeman Kreamer, are today on the trail of the bare foot prints as left by Harry Young, near the California Hotel, corner of Macdonald avenue and Eighteenth street, following his sensational escape from the San Quentin penitentiary at 8 o'clock last evening.

A pair of convict shoes with elastic tops were found underneath the convict's bed by Policeman Wright when he broke into the room, from which Young has hastily fled at the officer's challenge, dropping a distance of twenty feet to the ground. Young managed to escape from the prison by tying several sheets together and sliding down the 75 foot prison wall, following which he donned a long black overcoat and purchased a ticket on the Richmond-Marin ferry to this city.

His absence was noticed a few minutes following his escape and police departments all over the state were notified.

Shortly after 10:00 o'clock Sergeant John McGowan dispatched word of the convict's escape to all patrolmen immediately, following which Officer Wright saw a man answering to Young's description enter the California Rooming house where he secured a twenty-five cent room.

Wright followed the man to his room where he ordered him to open the door or suffer the consequences, at which Young said "Just a minute, officer," and without stopping to don his shoes, leaped a distance of twenty feet to the ground.

Wright hearing the window open suddenly rushed through the long corridor of the hotel to Macdonald avenue and started in pursuit of the "barefooted" convict. Over the roofs of two adjoining houses reared the policeman and convict, Young finally escaping under the cloak of darkness.

Wright finding his search futile immediately sent in a riot call to police headquarters and a search of the escaped convict commenced by

WHY THE HOME PAPER?

Under the above caption the Hanford Sentinel prints the following editorial in a recent edition, which will bear republishing:

Have you ever asked yourself why you take your home paper, or why it is necessary to have a home paper at all?

Do so, and you will start a train of thoughts that will be illuminating to you.

The big city daily comes to you and gives you the important news of the outside world, but you and the home people are too small for a place in its columns.

About its only thought of you is the money its gets from you.

It deals in world matters and is of value to you because through it you obtain much of your knowledge of the greater affairs of life.

But it utterly ignores you and yours.

Hence the local paper, and likewise your reason for taking the local paper.

You cannot exist without a knowledge of the affairs of your home community.

You must know of the plans and of the work of the local authorities, and you must know of the doings of the churches, and the lodges, and of your neighbors, and of the community in general.

You cannot obtain this knowledge from the big city paper, but you can and do find it in the columns of the home paper.

You buy the big city daily because you must know of the progress of the world, for your mind is developing day by day and demands this greater fund of information.

But your mind craves even a more intimate knowledge of affairs that are vital to the interests of you and yours, and these things you find only in the home paper.

To the great city daily you are but as a single pebble upon the beach, a drifting sand of the desert.

But to the home paper you are one of us, an important factor in the community, a force with which to be reckoned.

A disrupted and disintegrating community means a shrinkage and loss in property values and a stagnant public mind. Hence the home paper has an ever watchful eye to the interests of the community and of yourself, for only in the preservation of the community and of yourself can the home paper hope for a continued existence.

The home paper is your friend, and you know it.

And because you are loyal to your friends and to the community you believe in the home paper and its ceaseless work for home and home people.

Your interests and those of the home paper are identical, and you need it quite as much as it needs you.

And the man who recognizes the necessity for a community of interests becomes a builder, and not a destroyer.

JUNE 3.

King George V of England, who, though snored of the ancient supreme power that is exemplified in the czar and the Kaiser is nevertheless the respected and beloved ruler of vast dominions, is 50 years old today. In the conduct of the European War His Majesty takes a lively interest. He is constantly in touch with the movements of the Allies, follows on the maps the strategic movements of warships and armies, and shares in the secret plans for doing England's share in the big conflict. King George is said to be a real factor in the government policies, despite the belief that his office is only one of honor. He was born at Marlborough House, London, June 3, 1865, the second son of the late Edward VII. When his brother, Albert Victor, died in 1892, he became the heir to the throne, and acceded on May 6, 1910. He was but 12 years old when he was sent to the naval training ship Bacchante to begin his training. At 26 he had risen to the rank of commodore and was assigned

ed to a cruiser. He loved the sea and was proud of his naval standing. The King is a small man, weighing 140 pounds. He is quiet and reserved, and gets away from all public functions as soon as he can. He is a devoted father, and keeps a strict oversight of the education and discipline of his children. He and his cousin, the Kaiser, had been warm friends till this political rupture of the present has made them bitter enemies.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

"LIBERTY" STARS TAKEN OVER BY THE ORPHEUM

Undoubtedly the most interesting theatrical announcement of the year is made today by the Orpheum management through the Oakland office of the circuit. The Orpheum is to take over the entire company of Liberty Theatre stars at once, add several players of distinguished reputation to the list, give the company the title of "Orpheum Players," equip them with modern high priced royalty successes and all the entire offering to the Oakland Orpheum bill as an extra feature—a vaudeville act of such magnitude that the average patron will be quite stunned with its significance.

The plans of the Orpheum people in this connection were made four weeks ago. Announcement was deferred until all the plans and plays desired were secured. All the plans have been carefully matured and will be carried out with the skill and thoroughness and generosity that the very name of Orpheum suggests to most people. Everybody knows that the Orpheum never does things by halves. It looks so in this instance.

The Liberty stars instead of disbanding with the close of the season will be instantly taken over by the Orpheum corporation. A big New York success in the way of a play has been chosen for the first production to be made by the new "Orpheum Players" at the Oakland Orpheum and full details of this are to be given by the Orpheum management in subsequent announcements.

These plays to be offered by the Orpheum will be simply in addition to their vaudeville program, and will constitute an extra attraction for the summer season only, when the dull days of the summer months make it desirable that the jaded palate of theater-goers shall be tickled with new and choice and desirable novelties. June 20th is the time set for the beginning of this really mammoth addition to the Orpheum program during the summer. James Gleason, familiarly known as Jimmy Gleason, who is perhaps the greatest favorite of all the stock stars that have visited Oakland, has returned from a two years' absence in New York, where he served as producer and leading juvenile for Oliver Morosco in the latter's famous productions and both Orpheum and Liberty patrons, as well as the big theater-going public of the town will be given a chance to welcome "Jimmy" back to the fold when he steps on the Orpheum stage on the night of Sunday, June 20th.

Jimmy Gleason is to be the stage director of the dramatic productions at the Orpheum and he will also appear in leading parts at times during the summer. He will bring with him the skill and experience gained from association and practice with the "cracker-jack" stage directors of the east, and theater-goers may properly anticipate that plenty of the speed and pepper which the big \$2.00 shows maintain will be found in the Orpheum's play productions.

Jane Urban will be a prominent star of the Orpheum Players, and she will be given opportunity to the fullest extent to show her remarkable gifts as a comedienne and ingenue and also as a singer and dancer for Miss Urban is both a musical comedy star and a dramatic celebrity. There will be many musical comedies staged at the Orpheum this summer in addition to the big vaudeville shows and Miss Urban will be to the front in all of them.

Lending solid strength to the new "Orpheum Players" organization will be Mr. Albert Morrison, a sterling artist whose hold on the Oakland public is really remarkable.

That veteran artist, greatly beloved of all, George P. Webster, will lend his talents as player and stage director to the new organization.

There will be also J. Anthony Smythe, clever in his artistry and strong in his hold upon the affections of theater-goers.

Mrs. Mina Gleason will be one of the organization and a number of others will all lend strength to the coterie.

Ivan Miller, regarded as a coming man destined at no distant date to be "leading" timber has been added to the list of "Orpheum Players."

Mix Wiseman and Brady Kline.

two promising young juveniles, will be found on the roster, in parts suited to them, and Miss Rita Porter will lend her youthful vivacity and grace to the aggregation.

Scenic artists of the highest rank will provide mammoth productions in a scenic way for these plays that are to be staged.

The strength of this enormous double attraction at the Orpheum during the summer will be apparent to all, for it will be seen at a glance that it includes all the Orpheum great vaudeville resources and in addition the strength of the magnificent new "Orpheum Players" dramatic company. That is why the summer season looms up large and inviting to those who appreciate the best in both vaudeville and the dramatic field.

The Orpheum management makes it clear in its initial announcement that every vaudeville act which plays the San Francisco Orpheum will also come to Oakland this summer so that there will be no slighting the Oakland Orpheum in point of vaudeville service.

There will be further announcements including details of the affair to be made later and theater-goers will find those details immensely interesting.

MUSIC PUPILS WILL GIVE A RECITAL

A recital which should prove a very enjoyable affair to music lovers is to be held this evening in the auditorium of the Lincoln Grammar school by pupils of Professor Chas. Blank.

I feel an insulting attack has been made on my home and my family. Mr. O. O. Depew was discharged from his duties as a police officer on the recommendation of Chief Walker "for the betterment of the force." Just what Mr. Walker refers to by "the betterment of the force" is being questioned by

many citizens, while his family and the general public would like to know why he was not granted a hearing by the city council. It was on the second day of his vacation that he read an article in a Richmond paper which told of his dismissal from the service. He instantly communicated with Chief of Police Walker and was told that he had been discharged for failing to ring in on a certain night between the hours of 2 and 4 o'clock a. m. which many of the policemen have done with no complaints. His friends want to know, the public wants to know and I would like to know if the discharge of a man for so small a thing is fair, honorable or just. When he has performed his duties as an officer, in an honorable, courageous and efficient manner for the past

three years.

In conclusion I would like to say to some of the would-be reformers that if they would get out their Bibles and brush up on Christ and not the creed, doing unto others as they would have them do unto them, there would be no need of reform.

THE HIGH COST OF TRAVELING GOES UP

WASHINGTON, June 3.—The high cost of living has taken yet another jump. Henceforth the traveling man or woman who carries more than \$100 worth of baggage on a railroad journey will have to pay the freight. This is required by the Cummins amendment to the rate act which prohibits a railroad from making any limitation on its liability in either the transportation of baggage or freight.

If the baggage is valued at more than \$100 the traveler will be required to pay 10 cents for each excess unit of \$100 or fraction thereof. The law will be enforced by the Interstate Commerce Commission. Railway officials believe that a marked decline in the weight of baggage will result.

The new law is one of the "reform" notions written into the statutes by Senator Cummins, author of the "Iowa Idea."

(Continued From Page One)
Policemen Sprague, Standford, Mahne and Kirkpatrick, combing the district near the S. P. tracks while Sergeant Jennings with Policemen Elgerman, Kreamer and Combs searched in the vicinity of the Pullman car shops.

Early this morning barefoot tracks were found in soft ground near the California hotel which had been left by Young in his sensational escape and it was this clue that aided the police in putting the bloodhounds on the man's trail.

From Sixteenth street the bloodhounds led the officers down Macdonald avenue to Twelfth street where they turned south toward the Santa Fe viaduct, stopping abruptly at Chanslor avenue where the dogs became puzzled.

Young is reported as being a dangerous man and when hard pressed is expected to give battle to the officers, who have taken every precaution to stop such a move on the part of the escaped convict.

William Warbank, a bartender at the California hotel, stated to the police today that shortly after 10:00 o'clock last evening, a man clad in a long black overcoat, and seemingly very nervous approached him at the bar and asked for a twenty-five cent room. "I showed him a small hall room on the second floor," stated Warbank, "and had hardly left him when Policeman San Wright met me at the foot of the stairs and questioned me as to the man's description and his actions."

Bertillon Expert V. A. Phillips was busy for several hours this morning securing footprints from a ledge underneath the window on which Young is supposed to have stood for an instant before hurling himself through the air to the ground below.

Young was committed to San Quentin on January 4th of this year to serve 10 years for highway robbery, and according to prison guards had always acted in a sullen manner since his incarceration.

His capture is momentarily expected.

WATER COMPANY REORGANIZATION PLANS PERFECTED BY COMMITTEE

The Railroad Commission of the State of California finished yesterday taking testimony regarding the valuation of the People's Water company of Alameda and Contra Costa counties, which had consumed the last two weeks, and proceeded to take up the plan of reorganization and financing the corporation. The reorganization plan was embodied in the testimony of Attorney John S. Drum of the Savings Union Bank and Trust company of San Francisco.

Testimony filed concerning deeds and conveyances made by various water companies including Contra Costa and others to the People's Water company, going back as far as twenty-five years in the history of trans-bay water supply, and recalling to memory such men as Frank Moffitt, who figured prominently in the political and financial circles of Alameda county at that time. In touching on the past ramifications and manipulations of the water companies of the east side of the bay, Drum said he doubted the ability of even the railroad commission to disentangle them.

Drum defines position. Drum stated that he represented the reorganization committee, and was acting as trustee for 74 1-3 per cent of the underlying bonds, \$1,829,000 of the People's Water company bonds and \$969,000 of the People's Water company notes. He submitted a tabulation showing the security holdings which his committee represented. The tabulation was as follows:

Contra Costa Water company's first mortgage, \$1,399,000 out of \$2,000,000, or 67 per cent.

Contra Costa Water company's general mortgage, \$687,000 out of \$1,000,000, or 68 per cent.

Oakland Water company securities, \$1,190,000 out of \$1,500,000, or 79 1-3 per cent.

East Shore Water company securities, \$398,000 out of \$500,000, or 80 per cent.

Alameda Artesian Water company securities, \$551,000, out of \$600,000, or 92 per cent.

Total of the underlying issue, \$4,165,000, out of \$5,000,000, or 74 1-3 per cent.

People's Water company's notes, secured by treasury bonds on a basis of 2 1-2 to 1, \$969,000, out of \$2,300,000.

The amount deposited as collateral security to the notes of the People's Water company bonds, \$2,406,000 and the People's Water company's bonds deposited by owner, \$1,829,000, making a total of People's Water company bonds deposited, of \$4,235,000, or a grand total of underlying bonds and People's Water company's bonds of \$8,400,000.

Drum said there were three factions dealing with the proposed reorganization of the company. First, those represented by the reorganization committee, which he was representing; second, Rudolph Spreckels committee; third, the People's Water company Bond Holders' committee of Oakland.

In this connection he expressed the hope that none of the three committees would appear before the Railroad Commission in an antagonistic attitude, and that his plan of reorganization was submitted because in the judgment of his committee it was considered the best.

He said that any reorganization of these properties should be on the following basis: First, obligation of the water company to serve the inhabitants of the transbay cities. Second, to provide for improvements and extensions that will be necessary for the future service of the cities. Mortgages Introduced.

Attorney W. E. Creed, representing the People's Water company, introduced in evidence all the mortgages and deeds of transfer, tending to establish that the Contra Costa Water company had assumed all the other underlying bond issues and that the People's Water company, in turn, had assumed the bond issue of the Contra Costa Water company and also of the underlying companies.

At the night session Drum was cross-examined by James F. Peck, representing the holders of People's Water bonds, and Charles S. Wheeler, representing the Spreckels' reorganization committee.

The cross-examination led to sharp exchanges, and at times bordered on the acrimonious.

Peck contended vigorously that the Drum committee had not made a sufficient nor proper allowance

for the owners of the People's Water bonds. He insisted that the reorganization plan ignored values, equitably attributable to the securities he represented, referring particularly to certain water values in the Alvarado water supply.

Wheeler introduced his cross-examination with a statement in which he indicated that he might eventually request that the whole reorganization scheme be held in abeyance pending the formation of a public water district in the east bay territory, looking to the acquisition of the water property.

He said the reorganization plan had been evolved by bankers for the purpose of serving their own special interests in the company's securities.

Wheeler's cross-examination will be resumed this morning at 10:00 o'clock.

The proposed reorganization calls for an issue of bonds of a new company to be formed, in exchange for the present underlying bonds and secured notes of the People's Water company. It also provides for an issue of stock to the present holders of People's Water company bonds.

is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people.

No contact with hot water, steam or hot soapy suds. Self-cleaning, sanitary, no pump used. Small in size, easily lifted and carried. Strongly built of stamped metal.

Can be purchased on easy payments. Write for our plan.

Send prepaid, returnable at our expense within ten days, if not exactly as represented.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The movement of the handle forward and backward revolves the propeller in the bottom of the washer, which dashes the hot soapy water with a swirling effect around, through and over all the dishes, forcibly attacking them at all points, and cleaning them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the washer works so easily that a child can operate it.

Turning down the small lever at the top of the washer, opens drain valve and discharges the water in a few seconds. The dishes are then rinsed and scrubbed by pouring a dishpan of clear boiling water through the lid and turning the handle about thirty seconds. The rinsing operation automatically cleans the washer bowl, which always remains in an absolutely sanitary condition.

Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dishwasher sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnishes agents the best opportunities for quick money making available anywhere.

HEARING OF TOBACCO

IMPORTS AT PACIFIC PORTS

LOS ANGELES, June 3.—Judge
McClelland of the Board of General
Appraisers will hold another hearing
today on the subject of tobacco im-
portations. The government holds
the incorrect classification of Cuban
tobacco has been allowed for a long
time along the Pacific Coast and is
hending its energies to stop it. Heavy
revenue losses have resulted, say
the government officials. The case
taken up today is that of Benjamin
S. Jarrett, who claims the decision
of \$1.85 per pound duty was too
high and should be 35 cents a pound
as filler. The government is now
claiming that other entries of the
same importer should pay duty at
the high rate.

Why grin and bear all these ills when Sloan's Liniment kills pain?

"I am a painter and paperhanger by trade, consequently up and down ladders. About two years ago my left knee became lame and sore. It pained me at nights at times till I could not rest, and I was contemplating giving up my trade on account of it when I chanced to try Sloan's Liniment. I had never tried it before, and I am glad to state that less than one 25c. bottle fixed me up apparently as good as ever."—Charles C. Campbell, Florence, Texas.

WOMEN WHO ARE IN THE NEWS

Chicago—Suffrage leaders from all sections of the country will meet here on Sunday next to formulate the work to be done for the adoption of a suffrage amendment during the next Congress. Dr. Anna Howard Shaw, Alice Stone Blackwell, Mrs. Winston Churchill, Dr. M. Cary Thomas, Miss Jean Gordon, Mrs. Desha Breckenridge and Senator Helen R. Robinson of Colorado are expected to attend. The suffrage leaders will discuss new problems that have arisen since the Nashville convention. It is expected they will endorse the movement for a convention of women voters in San Francisco in September. Mrs. O. H. P. Belmont is active in promoting this unique meeting. The spectacular feature of that event will be the pageant of suffrage, in which 400 women will take part, depicting the beginnings of the suffrage movement and the life of Susan B. Anthony.

Washington—Detecting counterfeit money is the specialty of Miss Emma R. Graves, who recently completed fifty-one years of service in the U. S. treasury. She celebrated her 83rd birthday on May 30. Miss Graves is an expert money-counter, and her long experience has made

her very valuable to the government. A counterfeit bill never gets by her skilled fingers. Instinctively she can tell the spurious money, so sensitive have her fingers become.

New York—The prettiest girls from the Eastern states will gather here on Saturday and begin their trans-continental tour to the San Francisco Exposition, as the guests of the "movie" men. The group will be joined along the route by the pretty girls from other states, and as the Pullman train nears the Coast, it will be a veritable "Beauty Limited" with unlimited beauty. The girls will pose for the movies, and at least one of them will be offered the chance to become a movie star. It is a big treat for the girls, arranged by the newspapers and the film men.

Wellesley, Mass.—Wellesley seniors promise to give the makers of statistics a serious set-back this year, for an unusual number will announce their engagements and run around the table at the class dinner following Commencement. Already an even dozen of the Wellesley seniors have announced they will wed, and more will plead guilty at the class dinner. The heredity investigators recently announced that only half of the Wellesley girls marry, and that the average of children is only one and a half.

Quincy, Mass.—Miss Anna J. Lang is sailing this week for Buenos Ayres in the Argentine Republic, where she will wed Antonio Capo, an officer on the battleship Rivadavia, which was built in this city. When the battleship was launched, Miss Lang met the officer and their correspondence has developed the plan for a wedding in the far South American city.

Evansville, Ind.—Mrs. Polly Ann Weed Strodes, 70 years old, who has been married 13 times, has announced she will divorce Harrison Strodes, her present husband, who is 82, and wed her 14th husband. "It is easy to get a husband," she confided in a reporter. "Men love flattery. I never use love powders, but simply win them."

San Francisco—A peace demonstration, directed by the hostesses of the various state pavilions at the Exposition, will take place tomorrow. Peace flags will be flown from all of the state buildings, and at noon peace meetings will take place, with women speakers. All of the hostesses will assemble at the California building in the evening and march to a banquet.

Washington—Further restoration of Washington's old home at Mt. Vernon is being urged by Mrs. Thos. P. Denham of Jacksonville, Fla., who is vice-regent of the Mt. Vernon Ladies' Association of the Union. Much has already been done by the women of the association, which was organized to carry out the work of restoration. When the estate was purchased by the women, the mansion was in sad need of repair and the grounds were overgrown with weeds. Today the visitor finds the grounds beautifully kept and the house kept in excellent repair inside and out.

Montclair, N. J.—The only woman who designs and builds stained glass windows is Miss Clara M. Burd of this city. Two hundred of her designs in church windows are scattered all over the country. She works with her men in the factory and directs the cutting and leading of the glass.

NO CELEBRATION OF KING'S BIRTHDAY

LONDON, June 3.—For the first time in many years there was no general observance of His Majesty's birthday. The ceremonies that marked King George's previous anniversaries and those of the late King Edward and the late Queen Victoria were dispensed with by order of the royal household. The flying of flags was the only public display in honor of His Majesty today. It being but the fiftieth birthday of His Majesty, a big celebration was to have occurred, but the unusual events of the times led to the royal ban.

COMING EVENTS

MESSIAH'S KINGDOM.

Glorious Day of Divine Favor Near.
The period in which sin is permitted has been a dark night to humanity, never to be forgotten; but the glorious day of righteousness and divine favor is soon to be ushered in by Messiah. He as the Sun of Righteousness, shall arise and shine fully and clearly into and upon all, bringing healing and blessing, which will more than counterbalance the dreadful night of weeping, sighing, pain, sickness and death, in which the growing creation has been so long. "Weeping may endure for a night, but joy cometh in the morning."

HERB DOCTOR MAKES SPECIAL OFFER TO DISCOURAGED SUFFERERS

MANY HAVE BEEN CURED BY THESE WONDERFUL HERBS.

To convince the most doubtful, we will give to any one mentioning this announcement, a seven days' treatment of herbs at half price. At the end of this trial you will be able to judge for yourself just how efficient this herb treatment is. We have letters of thanks for cures on almost every known disease. These letters from local and out-of-town sufferers are open for your inspection at our office.

Dear Doctors Chan and Kong:

I wish to write and add my testimony to the many you have already received. When you diagnosed my case of rheumatism correctly by merely feeling my pulse I was indeed surprised, but the remarkable results which followed your treatment were even more surprising, as I had been treating with other doctors without relief, and they all said it would take five years to cure me, if it could be done at all.

Being a self-supporting widow I was heart sick, as I saw no hope ahead. The day I came to see you at the urgent request of a friend who knew of your good work, I had to go out and buy a large pair of shoes, as my feet were so swollen from rheumatism that I could not walk in ordinary shoes.

After six days of your herb treatment I had no swelling, and a day or two later I walked nine blocks with no trouble, and the swelling did not return. I never before had any hope that I would be cured, as I believed what other doctors told me, so you may imagine my delight, at having my rheumatism cured. I remain

Yours very truly,
MRS. E. ALLARD,

THE WORD HELL.

A Little Book That Contains Some Startling Information.

A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is not a place of eternal torment, but merely another name for the Tomb, the Grave, the State of Death. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was redeemed from the Grave at the cost of his Redeemer's Life and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

RICHMOND CORPORATION ENTERS FIELD OF TITLE INSURANCE.

Contra Costa realty transfers are to be safeguarded against possible financial loss through fraud or defective title by legal reserve Title Insurance Policies guaranteed by Oakland Title Insurance & Guaranty Co.

\$100,000.00 legal reserve is deposited with the State Insurance Commissioner assuring complete protection for every Title Insurance Policy delivered by the RICHMOND ABSTRACT & TITLE CO., Inc., who are financed to provide this guarantee on all Unlimited Certificates of Title issued by them in the San Pablo Ranchos.

Title Insurance is the most recent efficiency development in the Abstracting Business. It is comprehensive in its benefits, insuring against forged documents and all possible defects of title.

The following local case in point will interest every property owner:

Suit to foreclose on a mortgage and two notes, one for \$150 and the other for \$100, the first of which appears on the records of the County to have been satisfied a year ago, has been filed in the Superior Court by J. R. Mitchell, former Mayor of Woodland against Henry McNeil, Hudson Grant, as administrator of the estate of Mary McNeil, A. J. Bradford, Anna B. Cutchin, Anna M. Gaylord and Fred L. Bice.

The satisfaction of the mortgage was recorded on February 10, 1914 and is signed by J. R. Mitchell, while the name of Charles Edelman, a notary of San Francisco is attached to the oath. Mitchell's attorney Beryl Gregg who filed the suit, asserts that the satisfaction is a forgery.

Some time ago the McNeil estate sued Anna M. Cutchin and A. J. Bradford for cancellation of a deed and to quiet title, claiming that the name of the late Mary E. McNeil who died July 26, 1914, was forged and that Bradford who derived his title by deed from Anna Cutchin, has no claim to the property which lies in Richmond.

Mitchell, it is said, sought to foreclose on the notes and when his attorney had the records in Martinez searched he discovered that a satisfaction had been recorded and that from the records as they now stand a foreclosure suit would be out of order.

Had J. R. Mitchell insured his title for \$1000.00 by purchasing a Title Insurance Policy for that amount at a cost of \$25.00, he would not have been compelled to endure the uncertainty, worry and expense of recovering the money that he had originally loaned up on the property.

Our company would have paid the money to Mr. Mitchell ten days after receiving notice of his loss, if he had carried a Title Insurance Policy.

Probabilities now are that Attorney's fees in attempting to collect the principal will cost all of the money originally loaned by Mr. Mitchell.

A Title Insurance Policy covers every possible contingency of fraud or loss through clouded title. Its protection is absolute.

Abstract companies are not responsible for forged documents.

No person can see far enough ahead to know when a forged deed or other instrument may appear in the chain of title of a piece of property that he or she may be purchasing.

The RICHMOND ABSTRACT & TITLE CO., Inc., is engaged in their specialized phase of business, that being the examination of titles to real property and the guaranteeing of the accuracy or sufficiency of that examination. Their attorneys and examiners are trained experts along title lines. It has invested thousands of dollars in the preparation of its plant and other facilities in order that its experts may have before them the entire record in condensed and accurate form.

Specially constructed fireproof vaults have been installed to protect all papers and records, in the company's own brick building, which is at Twenty-second and Macdonald avenue.

The completely detailed system for keeping all property transfers promptly posted to date for ready reference, enables the office staff to transact a large volume of business with promptness and accuracy, giving reliable service to its clients.

STANDARD OIL DUTCH SHELL CO. GOES AFTER MORE IS PREPARING TO FIGHT

COALINGA, June 3.—The Standard Oil company, on the north half of section 36, 28-20, has spudded its No. 1 well. The company has 220 acres in this section. This territory is about 4200 feet deep to the light oil sand, the formation so far encountered has shown easy drillings, shale and sands, very few hard shells and no cavy ground. The company has a heavy standard rig, and will drill the well with the latest standard tools, the manager expects to land the oil string of casing in 193 days actual drilling time. The gravity of the oil in this district has attracted the big companies, and considerable development work is looked for in this section of the field. Two pipe lines cross near to the northeast corner of the section.

To Picnic.

Everything is in readiness for the annual Standard Oil picnic which is to be held Saturday at East Shore park.

SACRAMENTO, June 3.—The Shell Oil company of California, a subsidiary concern of the Royal Dutch Oil company and the Shell Transport and Trading company of Amsterdam and London, filed with Secretary of State Jordan yesterday amended articles of incorporation, increasing the capital stock from \$750,000 to \$4,000,000.

This is believed to indicate that the Standard Oil company, worldwide competitor of the Dutch-English concern, is about to be given an even harder fight for the trade in California and the markets served by this oil concern.

The English company first invested in California lands about three years ago, purchasing among others the W. K. and Turner holdings in Coalinga, and is now engaged not only in constructing a pipeline from the upper San Joaquin to tide water on San Francisco bay and a refinery on the Contra Costa shore, but service stations in all the more important California cities.

ST. MARKS PLAY WHIST AT BIG PARTY

A delightful party was enjoyed last evening by the members of St. Mark's Catholic church for which the prize winners were announced as follows: Ladies' first, Mrs. E. Ellsworth; second, Mrs. H. Herkner; consolation, Mrs. George Kerrigan; gentlemen's first, L. Smith; second, Thomas Follard; E. Cronin, consolation. The committee in charge was composed of Mrs. George Kerrigan, Mrs. Charles Brombacher and P. Galligan.

THE PRESBYTERIAN LADIES HOLD ELECTION

The M. M. Club of the First Presbyterian church held its annual election of officers last evening in the church parlors following which refreshments were served.

The newly elected officers to serve for the coming year are:

S. F. Turner was elected president; Mrs. J. Johns, vice president; Mrs. Charles Andred, secretary and Charles McCray, treasurer. Committees selected were: Mrs. Charles Andrews, chairman; social committee; Mrs. S. F. Turner, chairman devotional committee; J. S. Biggs, chairman financial committee; Mrs. Charles McCray, chairman membership committee and W. J. Norton, chairman of the press committee.

KOZY KOVE OPENS; NEW MANAGEMENT

Next Sunday Richmond's well known aquatic park, Kozy Kove, will be thrown open to the public. The place has been taken over by Benson & Jansing, two experienced men, who have thoroughly remodeled the interior of the park, have installed many new amusements and made it a very pleasant place to spend an afternoon and evening.

For those who like dancing a fine floor is provided and music is installed, bathers will find a beautiful beach and great bathing facilities, and there will be a playground for the children. Electricity has been carried to every part of the grounds and by night as well as day the grounds will be very desirable for outings and parties.

GALES OF MIRTH IS FEATURE AT RICHMOND

Laughter rules at the Richmond theatre today and this evening. That screamingly funny American comedy, "What Happened to Jones" is the headliner with a jolly cast of the cleverest people that ever offered a laugh bill in this city. Jones has stirring titles from selling bibles and playing cards in a young ladies' seminary to eloping with a young heiress in the school. It's just one continual scream from the first to the last flicker on the screen.

This evening is the last of this play and those who have not seen it and enjoy a comedy of the first water. Then there are two good short dramas, "His Brother's Keeper" and "His Master's House," make the program excellent in every degree.

Here From New York.

Miss Lucile Eddington of New York is visiting her sister, Mrs. W. G. Hamilton at her home near East Shore park.

Leaves For Truckee.

Tyrell Stokes, well known Richmond High School student, left last evening for Bolder, near Truckee, where he intends to spend several weeks.

Mendelssohn Club Holds Last Meeting.

Members of the Mendelssohn club held their last meeting for the year at the home of Mrs. S. F. Jenkins, 26 Summit place this afternoon. A very delightful musical program took up the early part of the afternoon at the conclusion of which refreshments were served.

Perhaps the most pleasing feature of the afternoon's affair was a musical skit in which more than twelve of the club members participated. The club adjourned immediately following the meeting, to meet again on August 5th, at which

time officers for the year will be elected.

QUALITY AND SERVICE IS MOTTO OF NEW GROCERY STORE

With quality and service for his motto, Julius Stiefvater, pioneer grocer of the west side, whose "Big Store" is known throughout the entire county, today officially opened his east side store at the corner of Eighth street and Macdonald avenue, formerly operated by H. Glavinovich, as the Golden Gate grocery.

The entire stock kept by Glavinovich is being disposed of and its place taken up with up-to-date goods which, coupled with rapid auto and wagon delivery service, is fast proving a boon to east side housewives. Extensive improvements pertaining to the interior of the store have been arranged for by Stiefvater which when completed will make it one of the finest and most up-to-date grocery stores about the bay. Stiefvater after thirteen years of experience in this city has found that quality and service are the two most essential features which bring success in the grocery business and intends to use them as his watchword with all his patrons.
